Art Unit: 1626

Receipt is acknowledged of the information disclosure statement filed June 25, 2004 and the preliminary amendment filed November 20, 2006, which have been entered in the file.

Applicant's election of Group I in the reply filed on November 20, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 1 to 11 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 12 to 37, 40 and 41, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on May 10, 2006 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to

Art Unit: 1626

provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

The disclosure is objected to because of the following informalities: the specification does not contain a section entitled "Brief Description of the Drawings". See MPEP 608.01(f).

Appropriate correction is required.

Claims 1 to 3, 9, 13 to 35, 37 and 41 are objected to because of the following informalities: In the formula in claim 1, the bond to R₃ should be single instead of double. In claims 1 to 3, the "=" which appears after "is" or "are" should be deleted. In claim 1, in the definition of R₁ and R₂ "or" should be inserted after "-OCF₃". In claim 15, "and" should be inserted after "isoleucine". Claim 9 does not end in a period. In claims 13 to 21, 23 to 35 and 37, the phrase "characterized in that" should be replaced by -wherein-. In claims 12, 15, 17 to 22, 29, 31, 37 and 41, the phrase "with formula (I)" should be replaced by -of the formula (I). In claim 41, "and" should be inserted after "claim 1". Appropriate correction is required.

Art Unit: 1626

Claims 4 to 8, 10 to 12, 36 and 40 are objected to as being dependent upon an objected to base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The references made of record and not relied upon show the state of the art.
